

300- HOUR GRAD OPPORTUNITIES

We know our grads are excited to get out into the world and share their deepened knowledge. We have many relationships within the yoga community to give our grads amazing opportunities. We also offer post grad C.E.U. Courses and Continuing-Ed Workshops.

LIST OF OPPORTUNITIES

Teach at the Yoga NoHo Center: After completing your 300 hour training, you may have the opportunity to audition to be on our substitute teacher list! Our graduates can teach a community class at our center. We also welcome creative ideas for workshops.

Teach at Yoga Studios, Gyms, Corporations, Hotels, Schools, and Community Centers: Many studios and companies prefer to hire exclusively 500-hour teachers. Your 500-hour Yoga Alliance Certification is recognized internationally, so the sky is the limit! Get out there and share the gift of Yoga! You will also be eligible to assist teacher trainings and lead retreats.

Continuing Education: With your certification, you will be eligible to continue your studies, perhaps as a C-IYAT, or maybe you will choose to specialize as a PRYT, or CRYT. You can also continue your Reiki studies to the Master Level, or dive deeper into Ayurveda!

International Exchange Program: Our partners (Nirvana Yoga Shala) in Mysore, India offer great foreign exchange programs for Yoga NoHo Center grads!

WE ARE HERE OR YOU!

We truly love what we do. We believe in the science of yoga and with over 30 years experience we have seen the amazing benefits of this philosophy. We actually feel that both our 200-hour and 300-hour courses should be called "Life Courses", but they are teacher trainings with profound life-changing experiences. Please know that in our Layering of Modalities Professional Teacher Training Course you will be exposed to some of Yoga's sister sciences, and you may even be drawn to pursue areas such as Ayurveda or Reiki. The most important aspect of all of our courses is that we are there to guide you on the next path and you become part of our family forever. This means we offer you continued support and guidance, as well as discounts on continuing education, such as C.E.U. Courses, workshops, and retreats. Have a question? We are truly here to answer. Our Mission is to Live, Love, and Inspire Others!
